

Mitigation - Subrecipient Application

Submit To: MIT_Infrastructure@SCOR.SC.GOV

Instructions: All fields within the application are expandable as needed. Please be as thorough as possible in your explanations. This application is not to be filled out by individuals. Only Units of General Local Governments (counties and incorporated cities/towns) may apply. Completion of this application does not quarantee approval.

SUBRECIPIENT ROLES & RESPONSIBILITIES

Approved SCOR Grant Subrecipients will assume the responsibility of managing SCOR grant projects in accordance with all applicable federal and state program policies and regulations. The SCOR Mitigation Department's responsibility will be limited to funding and monitoring the Subrecipient's implementation, execution, and completion of approved projects within the agreed upon timeframe and budget. The Mitigation Department will provide Technical Assistance as needed.

The responsibilities of approved Subrecipients vary from program to program. However, Subrecipient responsibilities generally include, but are not limited to:

- Comply with the Mitigation Subrecipient Manual
- Develop and implement Citizen Outreach
- For HUD-funded projects, identify eligible mitigation projects
 - o Must be in a HUD-identified Most Impacted and Distressed (MID) areas; or
 - o Must be in a State-identified Most Impacted and Distressed (MID) areas; and
 - Must meet an eligible HUD National Objective;
 - Must be in a Floodplain or SCOR designated Risk Reduction Area;
 - Meet Low-to-Moderate Income requirement
- Procure projects in compliance with State Standards outlined in the Subrecipient Manual
- Publish all required documentation to Subrecipient's website
- Complete mandated environmental reviews
- Complete Benefit Cost Analysis
- Identify and document Low-and-Moderate Income (LMI) for project service area
- Develop and adhere to approved project budgets and timelines
- Maintain detailed records for each project
- Monitor and audit projects
- Approve, audit, and inspect all project work and payments
- Project/Construction Management
- For Buyout projects,
 - o Provide Disaster Case Management to property owners (Housing Buyout projects)
 - Verify property ownership (Housing Buyout projects)
- Comply with and oversee adherence to all applicable URA Requirements
- · Verify and account for Duplication of Benefits
- Comply with and oversee adherence to Section 3 requirements
- Comply with and oversee adherence to all applicable labor and fair wage laws
- Record all contracts, restrictive covenants, transfer of deeds
- Submit Monthly, Quarterly, and Annual Progress Reports to SCOR

Mitigation - Subrecipient Application

Data & Supporting Documents

Background and Program Experience (Attachments are acceptable)
Length of time agency has been in operation:
Describe agency's purpose and type of services provided:
If applicable, describe current or previous Subrecipient experience:
What is the status of the applicant's FEMA-approved Mitigation Plan?
If the agency has liability insurance coverage, provide the amount of coverage and with what insuring agency:
Provide the following documents:
 State and Federal Tax Exemption Determination Letters (if applicable) List and status of current/ongoing applications with other State or Federal programs for this

project

Mitigation - Subrecipient Application

Data & Supporting Documents

Personnel/Staff Capacity (Attachments are acceptable)
Attach an organizational chart and describe the applicant's existing staff positions, qualifications, and its capacity to SCOR grant-funded activities:
Does the agency have a personnel policy manual with an affirmative action plan and grievance procedure Yes No
List the applicant's current board of directors or other decision-making body of the entity. The list must include names, telephone numbers, addresses, occupation or affiliation of each member and must identify the principal officers of the decision-making body:
Financial Capacity (Attachments are acceptable)
Describe the applicant's current accounting system, operating budget, itemizing revenues and expenses. Identify commitments for ongoing funding as well as the proposed stormwater infrastructure project(s).
Does your agency have a current audit process in place? Yes No
Duravido the following documents:

Provide the following documents:

- Annual Financial Statements
- Most recent Independent Audit
- Procurement Process and Policy Manual

Mitigation - Subrecipient Application
